(All times listed are PM local time)

NATURE OF AUTHORITY GRANTED

PSSA is secondary to the basic instrument of authorization with which it is to be associated. The PSSA may be suspended, modified, or withdrawn by the FCC without prior notice or right to hearing, if necessary to resolve interference conflicts, to implement agreements with foreign governments, or in other circumstances warranting such action. Moreover, the PSSA does not extend beyond the term of the basic authorization.

NOTIFICATION PROCEDURE

PSSA operation under this authorization may commence immediately upon submission of the following information:

1. Licensee name, station call sign and location
2. Indication that such PSSA operation is intended by the station
3. A description of the method whereby any necessary power reduction will be achieved.

Send to:

In Re: WADM(AM), Decatur, Indiana
Facility Identification Number: 71465
Holden Broadcasting, Inc.
Request for Presunrise Authority

Dear Counsel:

This is in regard to your letter of February 17, 2006, which requested recalculation of presunrise and postsunset operating power for Station WADM(AM), pursuant to Section 73.99 of the Commission's rules.

Our calculations indicate that, due to protection requirements to cochannel Class A Station KXEL, Waterloo, Iowa, presunrise operation by Station WADM is not permissible. We have calculated the permissible power for postsunset operation, and the authorization is enclosed.

Sincerely,

Charles N. Miller, Engineer
Audio Division
Media Bureau

Enclosure
cc: Holden Broadcasting, Inc.

Pursuant to Section 73.99 of FCC Rules and Regulations, Pre-Sunrise operation (PSRA) is permitted in accordance with the parameters listed below. The powers listed below are maximum values that may not be exceeded. However, operation at any power not in excess of those listed is permissible.
